Race Director

- Ultra-trail Cape Town
- Batrun Cape Town

I am excited by the current growth of trail running, internationally and locally in South Africa and the promotion thereof in a sustainable manner during this exciting period for the sport. Coming from South Africa with its rich history of distance road running my interest also lies in exposing our talented runners to the sport and for African runners to get the necessary exposure to be able to compete against some of the world best trail runners.

It would be a great to be involved in the positive exchange with ITRA for the sustainable future of trail running, developing safer races and promoting the environment through trail running.

Kind regards,

Nic Bornman
